

ARMY MAY NOT  
MOVE FOR DAYS

Arrivals From Columbus  
Say Picture Men Barred  
and Are Leaving.

Incoming passengers from Columbus at noon Tuesday stated that the military camp at Columbus is assuming big proportions, but that there is no indication that the army will be in readiness to move for three or four days. It was stated that the delay in getting started is due to the lack of train equipment and the remoteness of the New Mexico and El Paso frontier from the railroads scattered throughout the country.

**Picture Men Leaving.**  
A censorship against picture men was said by the arrivals to be in force and the "movie" men are said to be leaving for other points.

**Troops Reach Douglas.**  
It was reported that the first cavalry stationed at Douglas, Arizona, where it will be stationed, and that the Eleventh cavalry, stationed at Fort Oglethorpe, Atlanta, Ga., is scheduled to reach El Paso this afternoon.

GIRL HIT BY  
STREET CAR

Foot is Crushed as She Runs  
Across Street to Cleve-  
land Square.

Attempting to cross Oregon street from the Linden hotel to Carnegie square, Elizabeth Stinson, the five year old daughter of Mr. and Mrs. Morris J. Stinson, was struck by a south-bound Mesa and Myrtle street car, about noon Tuesday, resulting in one foot being crushed. She was rushed to Hotel Dietrich automobile, where an operation was performed.

**Car Hits Her.**  
As the child started across the street an automobile came up the street. She ran from in front of the machine to the middle of the tracks just as the street car came down, and before the motorman could act, the car had struck her.

Mrs. M. Silverberg, sitting in the park, saw the child cross the street, realized the danger and called to her to stop. The little girl failed to heed the warning and ran directly in front of the car.

Washington, D. C., March 14.—Dr. Frederick A. Cook appeared today before the house education committee in support of the Helgesen and Smith bills for a congressional inquiry to determine whether he or Rear Admiral Robert E. NO FREIGHT FOR SHIPMENT  
BY BOATS WILL BE ACCEPTED

The Sunset railway lines will not accept freight for movement in connection with the Atlantic steamship lines, northbound from Galveston, as the railway officials have been advised that the conditions at the Atlantic seaports are such as to prevent the prompt disposition of freight. There is a very great shortage of ships, due to the European war situation, and consequently the freight stored at the seaports awaiting shipment has accumulated until it has reached such proportions that the reception of further shipments is almost impossible. According to railway officials there seem to be little possibility of remedying this condition, because no additional boats are obtainable. Traffic south and west bound from New York by the Atlantic steamship lines is not affected and will be continued as usual.

**Tried Various Kidney  
Remedies But Only One  
Proved Reliable**

It is with great pleasure that I write these lines of praise for your wonderful kidney and bladder remedy. I had kidney trouble as bad as I became very much alarmed. I had tried various kidney remedies I heard of but without relief. I was almost discouraged of ever being helped, when, one day I picked up a book containing testimonials of people who had been helped and cured of their kidney trouble by the use of Dr. Kilmer's Swamp-Root, so I decided to try it and I know I owe my present good health to the wonderful curative power of Swamp-Root. I sincerely hope my words will be the means of restoring many other sufferers of kidney and bladder troubles to good health.

Very truly yours,

Speaker Clark advised the subcommittee he had promised to recognize chairman Chamberlain of the immigration committee, following the disposal of the sugar bill, and that arrangements for any other procedure would have to meet Mr. Burnett's approval. Mr. Burnett is expected to return from Alabama tomorrow and the subcommittee then will present its proposal to him.

SPREAD DOCTRINE OF PEACE;  
DO NOT SEND FAMILIES AWAY

El Pasoans are not in any danger and there is not any use in sending their wives and children away, as the country will take care of them, said rabbi Martin Zislenka, who was the guest of honor at the dinner of the Royal Order of Lions in the Hotel Ziegler Tuesday.

"We must work together as we always have, as we are masters of our destiny," said rabbi Zislenka.

"We must spread a doctrine of peace, and we are equal to it. Everyone knows that there are no hostilities in the country and these must be guarded against. We are not in any danger and there is no use in sending your families away, as Uncle Sam will take care of us."

The dinner was attended by over 25 members of the order and several guests.

Dandruff Heads  
Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will start your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to destroy it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely destroy and entirely destroy every single dandruff and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

HOW TO REDUCE  
YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY  
People who are over-burdened with  
superfluous fat, know only too well the  
discomfort and ridicule that over-stout  
people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from Kelly & Pollard or The People's Drug Store, or any good drug store, a box of oil of Koroil capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of Koroil is absolutely harmless. It is pleasant to take, and helps digestion. Even a few days treatment has been reported to show a noticeable reduction in weight, fatsteaps become lighter, your work seems easier and a lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.—Advertisement.
